Mobility Class - This 45 minutes class will help you with your range of motion to help with performing everyday task. This class will include equipment such as foam rollers, resistant bands, and massage balls.

MX4 – 30 minute, Easily scalable total-body HIIT workouts that integrate best-in-class functional training accessories. Participants receive the direction, accountability and motivation they need to get results. Monitor and track your heart rate and calories burned throughout the workout on the performance display

MXPlus – An extended 45 minute version of the MX4 classes. Longer rotations in endurance, power, strength, and cardio conditioning, with added core stability and mobility movements plugged in.

Next Level Fitness– A coach led teen fitness program where participants can choose which level to be in. based on what your health goal is.

O-Zone: Choose from 3 different levels for everyone’s individual abilities to receive a high intensity training during this 45 minute class.

Tabata: This is a 50 minute interval training class that focuses on high intensity workouts to maximize the calories you burn!

Mission: To put Christian principles into practice through programs that build healthy spirit, mind and body for all.
