

**SUMTER FAMILY YMCA
FLYING FISH
SWIM TEAM**

We invite you to be a part of our Flying Fish Family!

The Sumter Family YMCA has been a part of the Sumter community since 1890. The Y has been fostering an environment of caring, honesty, respect, responsibility and faith since before group swim lessons began in 1909 all the way through to today's Y Nationals. Through our swim technique and conditioning program swimmers are able to participate in competitive swimming. Because of the YMCA cause and mission, swimmers learn more than just stroke technique and body mechanics. Our team fosters a safe space where our youth can develop healthy competition while building skills that will lead to a healthy lifestyle through good sportsmanship and social responsibility.

The purpose of Carolina YMCA Swim League (CYSL) competitive swimming is to provide swimmers an opportunity to participate in competitive swimming, under conditions that will foster skillful aquatic ability, good fellowship, team association loyalty, a finer appreciation of swimming for its own sake and not just for winning, and sportsmanship of a high type on the part of spectators, as well as swimmers and officials.

Swimmers can join the fun of swimming as a Flying Fish here at the Sumter Family YMCA, in a no-pressure environment. Our year round swim team travels to compete with teams from across the state of SC, NC and GA. It is more than just about competing; it's a fun, life-enhancing experience. Our swimmers learn to set and achieve personal goals while growing to become more disciplined. The challenge builds confidence, while helping swimmers to achieve a better sense of well-being. Supportive families help build team spirit and unity, while swimmers create lifelong bonds with team mates and other YMCA swimmers. Come see what we are all about.

For more information please contact Kelley - ktorres@ymcasumter.org

**Financial Assistance is available to those who qualify through our Open Doors Scholarship program.
Mission: To put Christian principles into practice through programs that build healthy spirit, mind and body for all.**
